

Countryside Living...

A PERIODIC PUBLICATION OF THE DONALD ROSS LANDOWNERS ASSOCIATION, INC.

COMMUNITY PARK

The Park Committee has set up January 21, 2006, as Design Day for the community. The plan is to have residents, especially children, bring their ideas on what they want to see in the park. Leathers Associates has been hired by the Landowners Association to run the program. Free food will be available for all attendees, both at lunch time and dinner. Bob Berman of Berman Realty is sponsoring lunch, and the Landowners Association will be sponsoring dinner. Hardey Gaynes of Hardy's Parties will be doing the cooking.

As many of you know the Berman Family is donating the land at the end of 69th for the park in Memory of Margaret Berman for the children of PBCE. That is why it is very important to have children from the community involved in the initial planning. This will be a very planned out busy day, so block out your calendar, tell your neighbors and get ready for a great event. At the end of the day at 5:30PM, the engineers from Leathers will present the project design, based on the feedback received during the input period of about 9:00AM to 11:00AM. Watch the website: www.pbce.org for more detailed information or call the park committee.

We will also have a car/motorcycle show from 4:00PM to 5:30PM, so bring all your great rides and let your neighbors see your toys.

County Staff Agrees to Recommend Return to 25' Setbacks

After extensive meetings between County Zoning Staff and Commissioner Marcus's Staff with Michael Danchuk, the Zoning Director for Palm Beach County has agreed to return to implementing a 25 foot setback requirement for accessory dwellings.

Originally PBCE fell under a regulation that stated the set backs would be based on a percentage, unless the property was under 1 ½ acres. If the property was 1 ½ acre or less then the setbacks would be 25' on each side, for buildings and additions. Since most properties in PBCE were under 1 ½ acres the 25' setback applied to most home owners. Then new set back rules that took effect last year took out the 1 ½ acre exemption. The set backs became: front - 30% of depth, side(corner)-20% of width, side (interior)- 15% of width, and rear- 20% of depth.

The new change would once again allow accessory dwellings to have a 25 foot setback, as long as there is a 5 foot opaque screen along any 25 foot property lines. This could be a hedge or a fence. Also ingress/egress would be allowed on all sides other than towards the adjoining property line if the property owner uses the 25 foot setback allowance.

This change would not apply to the principal dwelling on a property but only applies to accessory dwellings. Accessory dwellings are living structures with independent kitchen and sanitary facilities, such as "granny quarters".

A special thanks to the County staff for acting so promptly on this matter. It is anticipated that there will be two readings in front of the county commission on this matter, and barring any unforeseen problems it will be implemented by March 2006.

What Is My Tax Bill For?

Recently residents in PBCE got their 2005 tax bill and there were some questions as to what some of the charges were for under the non-ad valorem taxes by SIRWCD. Residents in the Z section that recently had their roads paved had an assessment of \$550.00 for the road paving bond. Everyone then had an assessment of \$610.00 for the city water that is coming in, to start paying for expenses incurred and future debt. Everyone also had a payment of \$228.76 for road maintenance, and then everyone had an assessment of \$119.21 per acre for water/drainage control. In comparing the 2005 bill to 2004 bill residents will note that two prior bonds totaling about \$350 to \$400, depending on lot size, were no longer on the bill as they had been retired.

Officers and Committee Members

Officers:

President - Michael Danchuk	626-2530
1st Vice President - Kevin Baker	748-3376
2nd Vice President - Bob Berman	627-1118

ATV's

Once again, because of a few inconsiderate riders, we have been getting complaints about ATV and dirt bike use in PBCE. It was requested at a recent meeting that we remind parents that even though we are a rural area, motorized vehicles are not allowed on the roads unless they are licensed for use on the road. Canal banks in PBCE, are only for SIRWCD use and access, except for the South Florida Management C-18 canal, which allows equestrian and pedestrian use. Also if a motorized vehicle is used outside of ones property and an accident occurs causing damages, it is unlikely that liability insurance will protect the owner. Please check with your agent to confirm what you are covered for.

Message from the President

It's been a very busy year, a lot has happened and even more is on the horizon. One of my big concerns this year was the zoning change that came into effect about a year ago. I am happy to say after a lot of work the County seems to have agreed to a compromise and will allow us to go back to the 25 foot setbacks, at least with accessory dwellings "granny/guest homes." Many of our residents had run into problems with their permitting, because of the prior change, and now it seems, barring any unforeseen problems, that we will return at least partially to the 25 foot setback rules. I would like to publicly thank the County staff for their quick attention and response to this issue.

Another issue I have been recently quite involved in is the Scripps location debate. Please note that the opinion I express in this section is solely my own and does not represent the position of the community or the Landowners Board. The Board had attempted to come up with a statement, but no unanimous position could be reached. Due to the emotional politics that have become part of the Scripps project the Board will not be taking a position.

My personal position is that I feel if Palm Beach County is to have Scripps, the best location is currently at the FAU/Brigger location. When I look at a project, I look at how it will affect PBCE not just over the next year or two but what impact it will have over the next 10 or 20 years. It is very evident to me that at some point the area east of I-95 on Donald Ross Road will be developed. Therefore, I look at what would be the best type of development for the area as it will impact PBCE. Over a decade ago, there was an attempt to heavily develop the area west of us and put FAU and other developments there. I formed community interest groups and with the help of many people we were able to move what is now ABACOA to the area east of I-95. One of our concerns back then was the large traffic impact there would be on PBCE if the development was west of us. I have the same concerns about the land east of I-95, on the south side of Donald Ross Road. If large residential communities are built there, then I feel Donald Ross Road will become another Northlake Blvd. By having Scripps build there we will have greater control over what is done, and at the same time there will be less traffic congestion, than if all residential is built. The infrastructure is already there and as a taxpayer in Palm Beach County it is evident to me that we will also save tax dollars by using the FAU site over the Mecca site. Also the close proximity to PBCE would be beneficial for PBCE, for potential jobs, and property values.

For these and many other reasons, I have been active as an individual in trying to get Scripps away from the Mecca site and over to the FAU site. But again I mention that is purely my position, and that our Board is not taking any position, so as too, not get involved in the political war that has become the Scripps project.

On another positive point we have designated January 21, 2006 as our design day for the park project. It is very important for many parents and children to attend this function to help with the planning. Please see the article describing this event in more detail, and we hope to see you there.

And of course the water and possible road improvements are moving along and we should see quite a bit of activity on these projects in the coming year.

I hope you all had a great holiday and we all wish you a healthy and happy New Year.

Michael Danchuk

New Logo for Association

Several residents have submitted suggestions for a new logo to be used by the Landowners Association. The Board had voted to see if the great ideas could be incorporated together to make for a distinctive look. Watch the website www.pbce.org for the results.

"City" Water/Fire Hydrant Update

You may be aware that the South Indian River Water Control District (SIRWCD) went out to bid several months ago for the water system. The bid specifications were written to best benefit SIRWCD and give the most control and flexibility for the construction process. Previously I had written about the possibility of having multiple contractors and/or multiple phases for the construction. That was how the original bid was composed.

Apparently, none of the very interested contractors looked favorably upon a construction project with those limitations or possibilities. Out of nine contractors who were pre-qualified to bid, one submitted a bid. And that bid was significantly higher than the budgeted amount for the project. SIRWCD could not accept the bid both because it was too high and because there was only one bid.

So the staff of SIRWCD got comments and suggestions from all the contractors as to how they could best bid the project and it was re-bid. Three good bids were received based upon there being one single contractor for the entire job and there not being any phases. (The entire project will be built at once.)

The great news in doing this is that the lowest bidding contractor was able to come in with a bid that is within budget. Additional great news is that the estimated time for completion is now approximately one year from the start of the construction which could be as early as January 2006. The previous estimate for construction time was from 18 to 30 months.

There is a rumor that somehow this project in PBCE was delayed because of the construction of the Toll Brothers golf course community project being built on the west side of the C-18 canal and south of Indiantown Road. Nothing could be farther from the truth. In fact, because that project will need to use a portion of the piping being installed in PBCE (they are paying for it), this will actually help accelerate construction in PBCE. They need the water lines sooner than we do because water for their project is mandatory unlike PBCE where homeowners have the option of hooking up.

If you have questions about the "city" water project or anything else in Palm Beach Country Estates, please feel free to call me or a Board member, or stop by. You will get the most complete accurate information available.

Bob Berman

SIRWCD Road Update

It is expected that the SIRWCD Board at the January meeting will get an update from the engineers on the status of the ballot. Once the Board is able to approve the ballot it will be sent out to the streets that have petitioned to get an estimate. At that point PBCE residents, who have petitioned for road paving on their streets, will have the opportunity to vote on whether they want their particular road paved or not. There were many reasons for the delays in getting the proposed ballots in front of the Board for approval, which included road alignment and surface questions.

However now that the water construction may be done within the year, it is likely that it will be recommended that the paving of roads, for those streets that vote for the paving, be done in conjunction with the water project. This will delay the paving but will result in eventual savings as the roads will not have to be cut for the water lines. Discussions are also still continuing with the water contractor, as there is still the possibility that the water contractor may be able to save costs by doing both projects, so a final estimated price has not yet been determined.

Donald Ross Landowners Association Meeting

Minutes of Meeting—November 15, 2005

Meeting started 7:30 p.m.

Officers in Attendance - Mike Danchuk, President, Kevin Baker, 1st Vice-President, Daniela Russell, Treasurer, Stephanie Duncan, Secretary Absent was; Bob Berman, 2nd Vice President. **Treasurer's Report**-Operating account \$3586.27, Legal Defense fund-\$1875.59. Motion was made to approve and seconded, no discussion. By verbal response all were in favor to approve as reported. **Secretary's Report** - No additions or corrections were presented for the minutes of the September 13th meeting published in the October Association Newsletter. A motion was made and seconded to accept the minutes. By verbal response all were in favor to approve as reported.

OLD BUSINESS -Bylaw Changes - The Board will present in the December newsletter recommendations for changes to the By-Laws. Everyone should review the recommended changes and be ready to discuss at the January Association meeting. Bylaws will then be finalized and published after the January meeting. **Water** - Project had to go out for a re-bid as explained in the minutes of the September meeting. New bids have been received and one of the contractors came in with an acceptable bid. The company has a local office in the county. The bid included a one year completion date. South Indian River Water Control District (SIRWCD) will make a decision at November 28th meeting whether to accept any of the bids. One of the cost savings for this project will be for the SIRWCD to buy all the pipe needed for the project as they are exempt from sales tax. Discussion from the floor on why SIRWCD did not advise the community that the first assessment would be included in this year's tax bill. While everyone will be assessed for the installation of water in the community, individual households must make the decision whether to hook up to the system. Most people in attendance indicated they are for the water however, felt that SIRWCD needs to do better in keeping the community updated on the various projects impacting the community. **Roads** - SIRWCD moving forward with bid package for the roads. Some of the companies that were bidding on the water were the same ones bidding on the roads. **Sidewalks** - These have not been included in the bid package for the roads. We are still on track for the County to install at their expense a sidewalk on the east side of 69th. This will be done after the water has been installed on this road. The pathway for Donald Ross has been approved and is scheduled to be built within two years with State and Federal funding. **Setbacks** - Mike has a meeting scheduled with County Commissioner Marcus and staff to discuss this issue and its impact on "granny" flats and other construction on our properties. The County staff stated they felt that the change was only a clarification of an already existing regulation. However it was pointed out that this was not the case prior to the change last year. **Association Logo** - Resident Joan Bolds submitted a design that included Sand Hill cranes, trees and owl. All entries will be posted on the website for landowners to review and comment. **Sound Barriers** - Nothing to report. We have a volunteer to take the lead on this project. She has done a lot of research and there are viable solutions that do not require the building of expensive concrete walls. **75th & 155th** - The Board wrote a letter to BellSouth including pictures regarding the visibility problem. Discussion from the floor included looking into rumble strips or making the intersection a four-way stop. This discussion lead to concerns that once more roads are paved in the community we will incur more speeding that will result in more accidents. A request was made for more presence by the Sheriff's department. Landowners were encouraged to write letters to BellSouth about their concerns on the visibility. **Community Park** - January 21st has been selected as the tentative date for the Design Planning Day. We need to have a lot of involvement from the children in the community. More information will be sent out once the date and location has been confirmed. **NEW BUSINESS - New Homeowners** - New residents were asked to stand and introduce themselves. **Electricity** - Discussion took place on approaching FPL about burying the lines. While a possibility there are downsides with the amount of trees in the development that could fall over and pull the conduit out of the ground. Also to find breaks is more labor intensive and could result in more delays in getting power restored. No further action will be taken to pursue this suggestion. **Vandalism & ATV** - Residents on 75th expressed concerns with the "caravans" of ATVs & dirt bikes that are riding on the roadway, speeding and cutting across private property and destroying hedges. Association will again publish in the newsletter that these vehicles are not legally allowed on the roadways. **Committee Reports - Disaster Committee** - Bill Bolds has agreed to chair this committee. The committee will look into establishing lists of those who can assist in preparation as well as recovery in the event of a hurricane or other disasters. Meeting adjourned at 8:45p.m. Respectfully submitted, *Stephanie Duncan*, Secretary

PBCE Landowners Association Proposed

Bylaw Changes

As discussed the Board is considering making some changes to the current bylaws of the association to help clarify some issues, and address some concerns that have been raised. The current bylaws are listed below and then we have put on bold the area that may be changed, followed in bold italics the proposed change. Any questions will be answered at the January Association meeting, and the Board will be deciding on any changes in the following months.

BYLAWS OF "DONALD ROSS LANDOWNERS" ASSOCIATION, INC., A Florida Corporation Not for Profit

ARTICLE ONE

Organization

Section 1. The name of this organization shall be DONALD ROSS LANDOWNERS' ASSOCIATION, INC. (hereinafter referred to as the "Association" or "Organization").

Section 2: The name "Donald Ross Landowners' Association, Inc." is a/k/a and d/b/a "Palm Beach Country Estates Landowners' Association" sm and "Palm Beach Country Estates" sm by Florida fictitious name and Florida State SM (service mark) protections. The abbreviation "PBCE" is a reference to the registered name of "Palm Beach Country Estates" sm ***Change to read: The name "Donald Ross Landowners' Association, Inc." is a/k/a and d/b/a "Palm Beach Country Estates Landowners' Association" sm by Florida fictitious name and Florida State SM (service mark) protections.***

Section 3. The Organization may, by a majority vote of all voting voluntary members, change its name.

ARTICLE TWO

Purposes

The following are the purposes for which this Organization have been established:

Section 1. For providing an entity to represent landowners of property located in Palm Beach Country Estates.

Change to read: For providing an entity to represent " the interests of its members" owning property located in Palm Beach Country Estates.

Section 2. For the purposes set forth in the Articles of Incorporation of this Organization.

Section 3. For such other purposes as the voluntary Membership may, from time to time deem necessary, contingent upon Membership receiving adequate notice.

Section 4. This voluntary landowners' Association shall have no enforcement capacity or mandatory assessment ability over its members.

Section 5. Inform the landowners about matters which may affect the community.

ARTICLE THREE

Definitions

Section 1. Landowners: Those persons or entities whose name holds Title to land located in Palm Beach Country Estates.

Section 2. Members / membership: All of those persons or entities that are current voluntary dues paying landowners in Palm Beach Country Estates. The Association is and shall remain a voluntary organization requiring no mandatory restrictions. Membership is counted as 1 vote per parcel, regardless of acreage.

Section 3. Palm Beach Country Estates: Property lying west of the Florida Turnpike, south and east of the C-18 Canal, and north of Donald Ross Road, less the bordering natural areas, parks and preserves including the Loxahatchee Slough, the C-18 Triangle Area, Riverbend Park and County properties.

Change to read: Palm Beach Country Estates: Property lying west of the Florida Turnpike, south and east of the C-18 Canal, and north of Donald Ross Road.

Section 4. Proxy Votes: Votes cast by written & signed proxy in accordance with the Articles of Incorporation, Bylaws, or other applicable documents of this Organization.

Section 5. Quorum of the Board: A majority of the Board of Directors present at a duly called meeting, including the President or as per request by the President, a Vice President acting in capacity of the President and the Secretary.

In the event of an absence of the Secretary, an alternate Board member may be appointed for that meeting. **Change to read:** *Quorum of the Board: Must consist of 3 of the 5 Board members with one of those being the President or as per the request by the President, a Vice President acting in capacity of the President.*

Section 6. Parcel: Land described in a single Title, regardless of acreage, counts as 1 parcel.

Section 7. Dues: Annual voluntary dues shall be due in January of each year in an amount to be determined by the Board of Directors.

ARTICLE FOUR Meetings of Membership

Section 1. Place: All meetings of the Association membership shall be held at a place that may be designated in the Notice of the Meeting.

Section 2. Annual Meeting: (A) **DATE:** The Annual Meeting shall be held on the third Tuesday in May of each year at a time determined by the Board of Directors.

(B) **NOTICE:** At least fourteen (14) days prior to the Annual Meeting the Notice of the Annual Meeting shall be provided to landowners via the Association's periodic newsletter and/or website. Signs, notifying the landowners of the Association meeting, shall be placed at the entrance(s) to Palm Beach Country Estates.

(C) **ELECTIONS:** At the Annual Meetings the voting membership of the Association shall elect by Ballot, a Board of Directors and transact such other business as may properly come before the meeting. The Directors so elected at the Annual Meeting shall constitute the Board of Directors until the next Annual Meeting of the voting members of the Association and the subsequent election and qualifications of their successors. **Changed to read:** *At the Annual Meetings the voting membership of the Association shall elect by Ballot, the Officers and transact such other business as may properly come before the meeting. The Officers so elected at the Annual Meeting will become members of the Board of Directors until their term of office expires.*

(D) **MEMBERSHIP LIST:** Approximately (30) days before every election of the Directors, a complete list of members entitled to vote at said election, shall be produced and kept by the Secretary of the Association and shall be made available upon request to any member or posted on the Association website. Non-current members or new landowners may have the opportunity to become current members by paying the Annual Dues no later than seven (7) days in advance of the Annual Meeting at which time a final list will be prepared by the Secretary. **Changes to read:** *Approximately (30) days before every election of the Officers, a complete list of members entitled to vote at said election, shall be produced and kept by the Secretary of the Association and shall be made available upon request to any member or posted on the Association website. Non-current members or new landowners may have the opportunity to become current members by paying the Annual Dues no later than seven (7) days in advance of the Annual Meeting at which time a final list will be prepared by the Secretary*

Section 3. Special Meetings: (A) Any Special Meeting(s) of voluntary dues paying members must be noticed by the Board stating the time, place and object thereof, advertised in the Association's periodic publication, which shall be provided 7 days in advance to landowners, via written notice and/or website and signage posted at the entrance(s) of Palm Beach Country Estates. (B) The business transactions at all Special Meetings shall be confined to the agenda items stated in the Notice thereof.

Section 4. Regular Meetings: A regular membership meeting can be held providing a quorum of the Board is present and the meeting was previously noticed by signage placed at the entrance(s) of Palm Beach Country Estates and optionally website notification or publication. All landowners are welcome to attend. Meetings are generally held the second Tuesday of every other month, unless noted.

ARTICLE FIVE Voting

Section 1. Voting Members: Although all of the landowners in the above described Palm Beach Country Estates are eligible to become voluntary members of the Association and are welcome to attend all Association meetings, only those landowners who have paid their annual voluntary dues to the Association shall be entitled to vote on noticed agenda items, elections, policies or any other matters affecting the community.

Section 2. Proxies: Votes may be cast in person or by proxy. A proxy may be made by any landowner entitled to vote and shall be valid only for the particular noticed meeting and agenda item designated in the proxy. Proxy votes must be filed with the Secretary before the appointed time of the meeting or any adjournment of the meeting.

Section 3. Right to Vote and Designation of Voting Member: Any record title holder

of land in Palm Beach Country Estates shall be eligible to be a voting member upon payment of the voluntary dues. Any record title holder of property owned by more than one person may vote as long as the voluntary dues are currently paid to date. If the Lot is jointly owned, the first recorded vote shall be considered the vote of record. If a lot in Palm Beach Country Estates is owned by a corporation or other entity, the appointed Officer thereof shall be entitled to cast the vote of the Lot for the corporation or other entity as designated in a certificate for this purpose, filed with the Secretary of the Association.

Section 4: Vote Counts: Votes are counted 1 vote per paid parcel, regardless of acreage. It is at the discretion of the Board whether to request whether written ballots or a show of hands by a current member representative of each parcel constitutes a valid vote. This may be in person or other, as decided by the Board for the particular matter. **Change to read:** *Votes are counted 1 vote per paid parcel, regardless of acreage. It is at the discretion of the Board whether to require written ballots or*

Section 5: Multiple Parcel Owners: Members who hold title of ownership in Palm Beach Country Estates for more than one (1) parcel, who have paid the voluntary Annual Membership Dues to become a member, are required to pay for additional Memberships to have additional parcels of which they hold title, count as votes.

Section 6. For the election of Directors, when more than one member is running for a specific position, voting shall be by secret ballot. Results shall be counted and announced at the meeting. **Change should read:** *For the election of Officers,*

Section 7: Vote required to transact business of routine items in a regular meeting is by a majority vote of the Board of Directors. For policy issues, or issues affecting the community, the vote is determined by a majority vote by members present with a count of 1 vote per paid parcel.

Section 8. Members Quorum at a meeting: A members quorum at a duly called meeting shall consist of members accounted for in person or by proxy in response to an agenda item at that noticed meeting. Any acts approved by a majority of votes present at a meeting at which a quorum is present shall constitute the acts of the membership except when approval by a greater number of members is required by the Articles of Incorporation or these Bylaws.

ARTICLE SIX Board of Directors

Section 1. The business of this Association shall be governed by a Board of Directors, as specified in the Articles of Incorporation with inclusion of an Officer with the title of 2nd Vice President, thus consisting of five (5) persons. All Directors shall be voting members of the Association. No Board member may hold more than one position concurrently.

Section 2. The Directors to be chosen for the ensuing year shall be chosen at the Annual Meeting of this Association by a simple majority vote; and they shall serve for a term of one (1) year. **Change should read:** *The Officers to be chosen for the ensuing year shall be chosen at the Annual Meeting of this Association by a simple majority vote. Office of the President shall serve for a term of one (1) year. All other officers shall serve a two year term. The 1st Vice-President and the Secretary shall be up for election on even numbered years. The 2nd Vice-President and the Treasurer shall be up for election on odd numbered years and 2006 for a one (1) year term.*

Section 3. The Board of Directors shall manage the affairs and business of this Association and shall establish the amount of the annual voluntary membership dues, on a per parcel basis, for those who wish to become voting members of the Association.

Section 4. All Landowners' meetings of the Board of Directors of the Association shall be open to voting members of the Association and notices of such meetings, stating the place and time thereof, shall be posted conspicuously at the front entrance(s) to Palm Beach Country Estates at least forty-eight (48) hours prior to any such meeting. In the event of an emergency, said notice shall not be required. Change to read: *All meetings of the Board of Directors of the Association shall be open to voting members of the Association. Any voting member interested in attending should contact one of the officers for confirmation of the date, time and location.*

Section 5. The organizational meeting of a newly elected Board of Directors (at which meeting Officers for the coming year shall be elected) shall be held not later than 14 days after the election of the new Board. The meeting shall take place at such time and place as shall be fixed by the Chairman of the meeting at which they were elected. All corporate and legal documents, financial and banking records, keys, website names, hosts and controls, post office boxes or any related Association materials used in connection with the Association are to be voluntarily turned over or transferred to the appropriate, newly elected Board Officials by the previous Board Member(s) prior to the first Board Meeting after the Annual Elections. Personal or unrelated business use of any Association properties, documents, communication methods or financial transactions is prohibited. **Changed to read:** *The organizational meeting of a newly elected Officers with the rest of the Board of Directors shall be held not later than 14 days after the election of the new officers. The meeting shall take place at such time and place as shall be fixed by the incumbent President or newly elected President. All corporate and legal documents, financial and banking records, keys, website names, hosts and controls, post office boxes or any related Association materials used in connection with the Association are to be voluntarily turned over or transferred to the appropriate, newly elected Officer by the previous Officer prior to the first Board Meeting after the Annual*
